

Math Worksheet

Count, add, and subtract to solve fun math problems!

Puzzle 1

$$\text{World Map} - \text{Cabinet} = 6$$

$$2 \times \text{Backpack} + \text{World Map} = 10$$

$$\text{Cabinet} + 12 + 15 = 29$$

$$\text{Backpack} = \square \quad \text{Cabinet} = \square \quad \text{World Map} = \square$$
