

Math Worksheet

Count, add, and subtract to solve fun math problems!

Puzzle 1

$$\text{chocolate bar} + \text{flower} = 17$$

$$\text{flower} - \text{butterfly} + \text{chocolate bar} = 10$$

$$\text{chocolate bar} + \text{chocolate bar} + 6 = 22$$

$$\text{butterfly} = \square \quad \text{chocolate bar} = \square \quad \text{flower} = \square$$
